## **SECTION 2 – ACADEMIC DETAILS**

### **Subject Rationale**

This subject provides an in introduction to manual therapies and gives the student a comprehensive foundation for interdisciplinary understanding within the field of complementary medicine. There are numerous disciplines within manual therapies, including massage, myotherapy, musculoskeletal therapy, physiotherapy, chiropractic, osteopathy, tui na and kinesiology, etc. In the context of each discipline, students examine the different approaches in the treatment of conditions affecting the neuromusculoskeletal system. In addition, students will learn how to undertake self-treatment for common musculoskeletal ailments.

MSTP2

Subject Code:

#### **Learning Outcomes**

- 1. Identify and discuss the aims and diversity of approaches within manual therapies.
- 2. Compare and contrast the core concepts within musculoskeletal therapy, chiropractic, osteopathy and physiotherapy.
- 3. Identify and respond effectively to ethical issues in manual therapies practice.
- 4. Describe the application of the range of manual therapies therapeutic methods and their uses.

Туре	Learning Outcomes Assessed	Session Content Delivered	Due	Weighting
6 Discussion Forums & 7 Activities weekly posts (minimum 150 words, each)	1-4	1-13	Forum only: Sessions 1, 5, 7, 8, 12 & 13 + Activity plus forum: Sessions 2, 3, 4, 6, 9, 10, & 11	12% (6 x 2%) + 28% (7 x 4%)
Written Reflection ethics case study (750 words)	3	1-10	Week 13	20%
Final Written Exam short answer (1 hour)	1-4	1-13	Final Examination Period	40%

All written assessments and online quizzes are due at 11:55 p.m. Sunday and submitted through the LMS.

#### Pass Requirements

To achieve a passing grade in this subject, students must:

- have a cumulative mark of at least 50%, and
- have submitted all assessment items with a value greater than 15%.

#### **Prescribed Readings:**

Nil

#### **Recommended Readings:**

- Casanelia, L., & Stelfox, D. (2010). *Foundations of massage* (3rd ed). Churchill Livingstone Elsevier. [ebook available].
- Smith, J. (2005). Structural bodywork. Churchill Livingstone Elsevier.
- Zetler, J., & Bonello, R. (2012). *Essentials of law, ethics and professional issues for CAM*. Churchill Livingstone Elsevier.
