SECTION 1 – GENERAL INFORMATION

Award/s: Bachelor of Health Science (Myotherapy)
Total Course Credit Points: 96
Level: 3rd Year

Duration: 1 Semester

Subject Coordinator: Cory Dal Ponte (Melbourne Campus)

Subject is: Core

Subject Credit Points: 2

Student Workload:

<table>
<thead>
<tr>

</table>

Delivery Mode:

Face to Face (On Campus) 1 x 3 hour practical

Intensive Delivery (Summer School) Contact hours are delivered over 3 weeks with 2 x 6 hour days delivered per week

Content: Practical

Assessment: Attendance - Weeks 1-3; Online Quiz - Week 2; Final Practical Assessment - Week 3 (in an additional session); Literature Review - Week 5

Full Time

Part Time

Pre-requisites: BIOE221, BIOS222, MSTE311, MSTC314, MSTT315, MSTT316

Co-requisites: MSTS323

Special Resource Requirements:

Flat soled, closed toe leather footwear or approved equivalent

One bath-sheet sized towel per student (Clinic towels must not be used)

Clinical equipment kit including:

- Goniometer
- Mulligan belt
- Measuring tape
- Penlight
- Buck reflex hammer
- Sphygomanometer
SECTION 2 – ACADEMIC DETAILS

Subject Rationale

This subject's purpose is to consolidate and increase students' knowledge and skills in diagnosis, assessment, treatment, rehabilitation and prevention of musculoskeletal pathologies. The subject will introduce the theory and application of lab testing and diagnostic imaging, and students are taught to interpret imaging reports.

Learning Outcomes

1. Compare and contrast clinical signs and symptoms to arrive at accurate differential diagnoses.
2. Construct an integrated treatment plan based on an accurate working diagnosis.
3. Interpret findings of radiographic imaging reports and lab test results for any given case study.
4. Apply an integrative myotherapy therapeutic approach relative to clinical signs and symptoms.
5. Appraise the evidence relating to the efficacy of myotherapy therapeutic interventions in the treatment of common musculoskeletal conditions.

<td>4.</td>
<td><strong>Writing a Literature Review</strong>&lt;br&gt;☑ Library visit&lt;br&gt;☑ Search strategies&lt;br&gt;☑ Integrating information</td>
</tr>
<tr>
<td>5.</td>
<td><strong>Integrative Clinical Examination and Treatment of the Cervical Spine</strong>&lt;br&gt;☑ Lab testing and imaging considerations&lt;br&gt;☑ Examination framework&lt;br&gt;☑ Therapeutic interventions&lt;br&gt;<strong>Integrative Clinical Examination and Treatment of Chronic and Neuropathic Pain</strong>&lt;br&gt;☑ Fibromyalgia</td>
</tr>
</tbody>
</table>
### 6. Integrative Clinical Examination and Treatment of the Thorax

- Lab testing and imaging considerations
- Examination framework
- Therapeutic interventions

### Integrative Clinical Examination and Treatment of Autoimmune Conditions

- Systemic lupus erythematosus
- Ankylosing spondylitis

### Case Study Application

### 7. Integrative Clinical Examination and Treatment of the Lumbar Spine and Pelvis

- Lab testing and imaging considerations
- Examination framework
- Therapeutic interventions

### Integrative Clinical Examination and Treatment of Chronic and Neuropathic Pain

- Low back pain
- Degenerative disc disease

### Case Study Application

<table>
<thead>
<tr>
<th>NON-TEACHING WEEK</th>
<th>(note that make-up classes may be scheduled in this week)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Semester 1</td>
<td>This aligns with the week after Easter so it may fall between Weeks 6 to 8</td>
</tr>
<tr>
<td>Semester 2</td>
<td>The non-teaching week falls between Weeks 7 and 8</td>
</tr>
</tbody>
</table>

### 8. Integrative Clinical Examination and Treatment of the Shoulder

- Lab testing and imaging considerations
- Examination framework
- Therapeutic interventions

### Integrative Clinical Examination and Treatment of Cardiovascular Disease

- Hypertension
- Stroke

### Case Study Application

- Writing regarding client progress after referral or for multidisciplinary care

### 9. Integrative Clinical Examination of the Elbow and Wrist

- Lab testing and imaging considerations
- Examination framework
- Therapeutic interventions

### Integrative Clinical Examination and Treatment of Autoimmune conditions

- Rheumatoid and psoriatic arthritis
- Multiple sclerosis

### Case Study Application

- Writing a referral letter for further care or assessment
