

Complaints and Appeals Policy – International

Policy Code: INT-002

Version: 15.0

Effective Date: 13 July 2020

Purpose

This Policy sets out the considerations that must be taken into account when managing international student complaints and appeals to ensure that the concern raised is addressed using the appropriate channels to facilitate an equitable, confidential and prompt resolution.

Definition of “College” – *In the higher education sector, the Australian College of Natural Medicine Pty Ltd (ACNM) trades as Endeavour College of Natural Health. For the purpose of this policy, any reference to ‘College’ or ‘the College’ should be considered a reference to each or any of these respective trading names / entities.*

Definition of “International students” – *The College defines an International Student as someone **who is not an** Australian citizen or permanent resident or a New Zealand citizen or a permanent visa holder. This definition includes students studying onshore on a range of temporary visas (working holiday visa, tourist visa, student visa etc) or offshore as an online student. Information that applies only to students studying on specific visa classes (e.g.: Student Visa) is specified when relevant. It should be noted that all international students pay fees specified for international students, regardless of visa subclass.*

Scope

- All campuses registered on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS)
- All staff
- All international students enrolled in a higher education course
- All prospective international students (up to 6 months from issue arising – non-academic matters only)
- Recent international graduates of the College (for a period of 12 months after graduation)
- Education agents working under agreement with the College
- Any external party delivering services to international students on behalf of the College (under agreement)

Policy Statement

The College is committed to providing high quality educational programs and excellent graduates who will practice as leaders in their field. The College recognises that effective communication is essential to resolving any concerns and this Policy is fundamental in the resolution of complaints /grievances and in the reconciliation of Claimants with the College.

The College considers it important to be made aware of all student complaints and appeals. The College aims to respond to complaints and appeals in a fair and equitable manner and to resolve the complaint to the satisfaction of all parties.

This Policy includes three parts. Part A applies to all international students and outlines the majority of the policy. Parts B & C apply to specific groups of international students (Part B - studying in Australia on a student visa; Part C

– studying in Australia on any other visa) and outline specific external avenues of review and appeal relevant to those students.

PART A

Note: This section applies to ALL international students, regardless of visa arrangements or courses of study.

Record Keeping and Confidentiality

Records of complaints and their outcomes will be kept strictly confidential and filed in a separate file (not student or staff files). All related correspondence will be maintained in the file and stored in the Office of Student Records. Each file is to be held by the College for a minimum period of five years after the student’s final dealings with the College on the complaint or two years after the student has graduated from the College (whichever comes first). The minimum record retention provision also applies where the complaint is dealt with externally, with the retention period commencing at the conclusion of the external reviewer’s involvement with the complaint. Informal complaints records will be destroyed when mutual resolution is agreed.

Confidentiality is observed at all times, with records of all complaints and appeals, applications for review and the outcomes only available to the parties involved under supervised access upon written request to the Director, Student Services & Retention.

Academic and Non-Academic Matters

Academic matters relate to student academic progress, assessment, curriculum, and quality of course delivery, academic achievement in a course and awards in a course.

Non-academic matters do NOT relate to student progress, assessment, curriculum and award in a course(s).

Examples of both academic and non-academic matters are listed in the table below.

| Academic | Non-Academic |
|---|---|
| Appeal of grading decision (e.g.: failure of an assessment piece or subject) | Sexual harassment |
| Exclusion from study or continual enrolment | Discrimination on the grounds of gender identity, sexual orientation, marital, parental or carer status, pregnancy, breastfeeding, age, physical features, impairment, race, ethnicity, political or religious belief or activity |
| Results of credit transfer or RPL applications | Breach of personal information |
| Findings of allegations of academic student misconduct (e.g.: plagiarism or cheating) | Unfair treatment |
| Quality of course delivery | Physical or verbal abuse and behavioural issues |
| Negative admissions decisions based on academic concerns | Concerns about campus facilities, environment, health and safety or equipment |
| Visa requirements relating to course progress not being met | Negative admissions decisions based on non-academic concerns |
| | Decisions relating to visa requirement breaches other than those relating to course progress |

During all stages of the Complaints and Appeals Process, the College will take all steps necessary to ensure that the Claimant and Respondent will not suffer any disadvantage, victimisation or discrimination as a result of raising a complaint or appeal. Assessment of all complaints or appeals will be conducted in a professional, fair and transparent manner.

An explanation in writing for decisions and actions taken at any stage of the process will be provided if requested by the Claimant or the Respondent.

Appropriate confidentiality will be maintained and where possible disclosure of complaint and appeal information will be limited to those who are legitimately involved in the process of resolving the complaint or appeal.

This Policy does not replace or modify policies or any other responsibilities that may arise under other College policies or under statute or natural justice. This Policy, and the availability of complaints and appeals processes, does not remove the right of the student to pursue other legal courses of action.

Feedback from students about academic services and courses offered by the College is encouraged and would not normally be viewed as a complaint, unless specific action is requested in the form of a concern raised. The feedback should be submitted through the Quality Feedback Monitor (QFM - available on the Student Portal). All feedback submitted via the QFM receives an initial response within three (3) working days.

If a student feels that they have experienced unfair or unreasonable treatment, disadvantage or distress and wish to pursue a complaint in a more formal manner. Feedback submitted via the QFM can be considered Stage 1 of the complaints and appeals process known as the Informal Resolution Process (see below).

This Policy also covers students who have ceased their enrolment with the College. Issues from such students can be considered under this Policy for a period of up to 12 months after enrolment has ceased. A complaint or appeal submitted under these circumstances must not be a previous complaint or appeal that has been considered resolved but a **new** complaint or appeal with **new** facts that may have come to light during this time. A previous complaint or appeal cannot be re-instigated after the student's enrolment with the College has ceased.

Negotiated solutions will aim to address the key issues and be acceptable to all individuals or parties involved without ascribing blame, victimisation or discrimination.

All complaints and appeals lodged in line with this policy and related procedures are managed by the Director, Student Services & Retention. If the Director, Student Services & Retention identifies a conflict of interest with the complainant or the situation around which the complaint is made (including any involvement in the situation or the complaint itself), the Director, Student Services & Retention will delegate the matter to the Director of Education (academic matters) or the National Quality, Governance and Compliance Manager (non-academic matters).

If the complaint is not resolved through informal procedures, students may initiate a Formal Complaints and Appeals Process. There is no cost to the Claimant for utilising the College's internal or external complaints and appeals process.

Stages of Complaints and Appeals Implementation

The following steps identify the four key stages through which a complaint or appeal may be dealt with.

The College provides the following steps to allow the complaint or appeal to be formalised. The Claimant's privacy rights will be assured while ensuring that victimisation and discrimination does not occur at any time during the following stages.

The Claimant has the right to be heard on the matter of the complaint or appeal at any stage and may be accompanied by a nominated support person or third party of their choice when meeting with the College to discuss their particular concern.

The four stages of the Complaints and Appeals Process are fully detailed in the related [Complaints and Appeals Procedure – International](#).

Stage 1 – Informal Resolution Process

Claimants are encouraged to attempt to resolve the complaint informally and amicably at an early stage. This can be done through speaking directly with a member of Student Services or Academic staff or lodged via the QFM which can be accessed via the student portal. Students submitting feedback through the QFM will receive a response within 3 working days.

Stage 2 – Formal Resolution Process

The formal complaints and appeals procedure begins when a current, former (up to 12 months previously) or prospective student states in writing that they have a complaint using the formal complaints and appeals paperwork, and submits it directly to the Director, Student Services & Retention via student administration. The Director, Student Services & Retention will acknowledge receipt of the complaint within five (5) working days. If the Director, Student Services & Retention identifies a conflict of interest at this stage, the complaint handling process will be handed over to the relevant delegate as outlined above and the student notified in the acknowledgement communication. Separate procedures apply to academic and non-academic complaints.

It is important to note that formal complaints respect the right and the privacy of the individual and all formal complaints MUST be lodged individually. Each student's circumstances are different and as such will be reviewed with the best interests of the individual in mind. The complaints resolution process will commence within 10 working days of the receipt of the form and all reasonable measures will be undertaken to finalise the process as soon as practicable.

The Director, Student Services & Retention (or nominated delegate) will provide a written decision to the Claimant and/or respondent within 20 working days of receipt of the formal complaint or as close to this timeframe as possible. The written decision will include detailed reasons for the outcome and how to appeal the decision.

Stage 3 - Appealing the Original Decision

If the Claimant is dissatisfied with the outcome of their complaint, they may lodge an appeal detailing the reasons for the appeal to the Director, Student Services & Retention within 20 working days of being informed of the decision. The Director, Student Services & Retention (or nominated delegate) will acknowledge receipt of the appeal in writing within 5 working days.

The Director, Student Services & Retention is responsible for reviewing appeals relating to formal complaints and convening the Complaints and Decision Review Committee based on the appeal documentation and may seek guidance from the Director of Education if related to an academic matter. The Committee membership includes external members of the College's governing bodies, internal staff and a student representative (as outlined in the *Academic Governance Framework*). The Committee will meet to consider the appeal and may interview the complainant or other stakeholders in the course of its considerations. The College will maintain the student's enrolment while the internal and / or external appeals process is ongoing.

The process will begin with nomination of the Committee Chair within 10 working days of the formal written lodgment of the appeal. All reasonable measures to finalise the appeal as soon as possible will be taken. A written statement outlining the outcome of the appeal will be provided to the student within 10 working days of the Committee meeting, including reasons for the decision.

Stage 4 - External Independent Review

If the Claimant is dissatisfied with the outcome of an internal appeal, they may make a written request to the Director, Student Services & Retention for an independent external review of the decision (see Part B and C of this Policy).

Continuous Improvement

Any improvement action arising from a student complaint or appeal will be recorded in accordance with the College's Continuous Improvement Process.

PART B

Note: This section only applies to student visa holders

External Independent Review

If the student is studying in Australia on a **student visa**, the Overseas Students Ombudsman will provide the external complaints and appeals mechanism. The Overseas Students Ombudsman offers a free and independent service for overseas students who have a complaint or want to lodge an external appeal about a decision made by their private education or training provider. See the Overseas Students Ombudsman website (www.oso.gov.au) or phone 1300 263 072 for more information.

Outcome of Complaints and Appeals Process

The College agrees to be bound by the independent external reviewer's recommendations. The Director, Student Services & Retention (or delegated nominee) is responsible for implementation of any recommendations from of the external reviewer's report.

Should the outcome of the complaints and appeals process be in favour of the College, the College will notify the Department of Home Affairs (DHA) at the conclusion of the process of any relevant changes to the student's enrolment through the *Provider Registration and International Students Management System (PRISMS)* (if the student is studying in Australia on a **student visa**). This notification will only occur after timeframes for the next step in the process have expired or at the completion of Stage 4 of the process.

If the complaints and appeals process results in a decision that supports the student, the College will immediately implement any decision and / or corrective or preventative action and advise the student of the outcome.

All outcomes will be communicated to students in writing.

PART C

Note: This section only applies to students who are NOT studying on a student visa

External Independent Review

If the student is studying in Australia on another visa and wishes to lodge an external appeal or complaint against the outcome of the internal appeal process, they may contact the Administrative Appeals Tribunal (AAT) for an independent review. The AAT deals with complaints whereby an organisation fails to follow its own complaints and or appeals policies and procedures. If you believe that this has occurred please contact the AAT for further information who will review the procedure followed by the provider. Full details of the application process and fees payable are available on the AAT Registry's website: www.aat.gov.au.

Outcome of Complaints and Appeals Process

The College agrees to be bound by the independent external reviewer's recommendations. The Director, Student Services & Retention (or delegated nominee) is responsible for implementation of any recommendations from of the external reviewer's report.

Should the outcome of the complaints and appeals process be in favour of the College, the College will implement any necessary action immediately. If the complaints and appeals process results in a decision that supports the student, the College will immediately implement any decision and / or corrective or preventative action. All outcomes will be communicated to students in writing.
