SUBJECT OUTLINE

Subject Name: Myotherapy Clinical Skills
Subject Code: MSTC121

SECTION 1 – GENERAL INFORMATION

Award/s: Bachelor of Health Science (Myotherapy)
Total Course Credit Points: 96
Level: 1st Year

Duration: 1 Semester

Subject Coordinator: Amy Hulse (Brisbane Campus)
Subject is: Core

Subject Credit Points: 2

Student Workload:

<table>

Delivery Mode:
- Face to Face (On Campus)
  - 1 x 3 hour lecture
- Intensive Delivery (Summer School)
  - Contact hours are delivered over 1 week with 5 x 8 hour days
  - Content: Lectures
  - Assessment: Mid-semester Written Exam - Week 1; Written Assignment - Week 1 (end); Final Written Exam - Week 6
  - Full Time
  - Part Time

Pre-requisites: SOCF111
Co-requisites: MSTF121

Special Resource Requirements:
- HLTAID003 Provide first aid (VET unit of competency)

SECTION 2 – ACADEMIC DETAILS

Subject Rationale

This subject enables students to contextualise myotherapy clinical therapy in relation to clinical practice, and enables confidence with all aspects of clinic and client management. This subject is fundamental to students entering clinical practice in the Endeavour Teaching Clinics and will contribute to their understanding of state and federal WHS legislation in relation to infection control, risk and hazard identification, risk management and other aspects of Work, Health and Safety.
## Learning Outcomes

1. Explore the legislative responsibilities regarding work, health and safety and infection control for a clinic setting.
2. Develop a working knowledge of the Risk Management Tool in identifying workplace hazards and assessing, prioritising and controlling risks associated with these hazards.
3. Demonstrate an understanding of effective history taking, referral writing and written documentation.
4. Demonstrate an understanding of ethics, legal and regulatory issues of relevance to conducting a practice as a business.
5. Develop an understanding of effective practice administration including marketing, knowledge of resources and support systems, and professional communication with clients.

## Assessment Tasks

**Recommended Readings:**

## Subject Content

<table>
<thead>
<tr>
<th>Week</th>
<th>Lectures</th>
</tr>
</thead>
</table>
| 1.   | **Introduction** (Subject Outline / Subject Aims / Assessment / Teaching Resources)  
Work health and safety: Principles, objectives and importance  
National and state-based Work Health and Safety (WHS) legislation |
| 2.   | The risk management tool  
Hazardous substances  
Plant and equipment |
| 3.   | Ergonomics and manual handling  
Incidents and accidents: Prevention, response, investigation, analysis and reporting  
Emergency situations: Fire, security threat, natural disasters and other emergencies |
| 4.   | Overview of infection control in a clinical setting  
The infection cycle: Disease reservoirs, methods of transmission, portals of entry and susceptibility  
Infection control principles |
| 5.   | Housekeeping: cleaning and maintaining the clinic environment and equipment  
Waste categorisation, disposal and management  
Management of body fluid spills, needle stick injuries and other body fluid-related incidents  
**Complete Mid-semester Written Exam online this week** |
| 6.   | Ethical practice and codes of ethics  
Dual relationships  
Boundaries and professional language  
Efficiency of treatment, reassessment as an ethical tool |
| 7.   | Legislation relating to manual therapies and natural health practitioners  
Confidentiality  
Informed consent  
Duty of care and negligence  
Client record keeping responsibilities |
| NON-TEACHING WEEK (note that make-up classes may be scheduled in this week)
