

Organisational Values

Values that guide each and every interaction we have with students, staff, consumers and stakeholders

Authenticity

We do not pretend. We are collaborative, inclusive, warm and genuine and understand that robust discussion supports openness and growth.

Holistic

We teach, support, live and breathe natural medicine and wellbeing. Be the contributions large or small, we consciously find ways to contribute to an holistic approach in everything we do.

Responsibility

We take personal ownership of our actions. We do not blame others. When we commit – we follow through. We model the very best in ethical conduct. We honour and respect the intrinsic value of ourselves and others.

Happiness

We value positivity, joy, encouragement and strive to be in the moment. As individuals we carry responsibility for our own happiness regardless of the situation or context, and that informs how we 'show up' in our environment.

Student Centricity

All students are central to our existence. We work to engage and satisfy our prospective, current and past students like no other tertiary institution.

Clarity

We speak to the facts. We do not create mythology based on incorrect information. We verify the data and we act in the interests of clarity.
